Approved by 2013 1st Research and Development Meeting (2013.09.27)
Approved by 2013 2nd Meeting of University Endowment Fund Management Committee (2013.11.29)
Approved by 2020 1st Research and Development Meeting (2020.9.29)
Approved by 2020 1st Meeting of University Endowment Fund Management Committee (2020.10.14)

Article 1. To correspond with national technology development, fulfil industry-academic cooperation policies and regulate matters regarding contributions made by for public of private enterprises or groups at which teachers hold a part-time position, National Central University (hereinafter the Scholl) hereby establishes these rules in accordance with “Rules Governing the Management of Full-time Teachers of Public Schools Holding Part-time Positions”, “Rules for Handling Teacher Secondment” and “Guidelines for NCU Teachers Holding Part-time Positions Outside the School”.

Article 2. The academic contribution as referred herein means the donations made by profit-seeking enterprises, groups with industry-academic cooperation relationship which teacher holds part-time position at or is seconded for service in accordance with contract regulating the donation to the school by profit-seeking enterprise or groups for academic research and development set forth in article 3.

Article 3. The School shall sign the contract with profit-seeking enterprises, groups which teacher holds part-time position at or is seconded for service for the collection of academic contribution.

1. The academic contribution for teacher holding parti-time position shall not be less than NT\$10,000 per month, provided that the academic contribution of TWSE (TPEX) listed companies or non-public issuers that the BOD or shareholders’ meeting has resolved to apply for public offering, with capital more than NT\$1 billion and less than 5 billion, which the teacher serves as external independent director or supervisor shall not be less than N\$200,000 per year. For company with capital more than NT\$5 billion and less than 10 billion, the academic contribution shall be at least NT\$300,000 per year. For company with capital more than NT\$10 billion, the academic contribution shall be at least NT\$500,000 per year.
2. The academic contribution for teacher secondment shall be at least 50% of the total monthly salary of the teacher being seconded per

month.

Preceding academic contribution shall be subject to once for the same profit-seeking enterprises, groups which the teacher holds part-time position at or is seconded for service.

Article 4. The amount of academic contribution shall not be lower than the amount set forth in preceding article based on the negotiation with public or private profit-seeking enterprises or groups. The academic contribution collected shall be included in the endowment fund of school for management and application and may be managed against approval of project as necessary.

Article 5. After the school has collected academic contribution made by public or private profit-seeking enterprises, 60% of the contribution shall be allocated to the school, 10% to collected (joint research center), 30% to department (research center under joint operation); or 70% to the school and 30% to research center subordinated to the school.

The academic contribution allocated to the school could be used for industry-academic cooperation, research results promotion, business management operation related expenses or bonus to employees. In addition, the special account shall be established for revolving use without deadline. The academic contribution allocated to the research center subordinated to school, college (joint research center, department (research center under joint operation) could be used for industry-academic cooperation, academic research and technology research related expenses, except for the reimbursement of overseas business trip, personnel and equipment. The unit receiving the allocated contribution before June 30th shall use it before December 31st of said year. For contribution received after July 1st, it could be transferred to the use in next year until the end of June. After the expiration of use, the school will collect the balance into preceding special account for use.

For special event involved in preceding two paragraphs, it may be managed against the approval of the principal.

Article 6. The research results of teacher at public or private profit-seeking enterprises or groups during the part-time or seconded service period by using resources of the School shall be managed in accordance with “Regulations Governing the Management and Promotion of Research Results” of the School.

Article 7. These Rules shall be implemented as passed by research and development meeting, meeting of University Endowment Fund Management Committee and approved by the principal, which shall be also applied to the amendment.
